OTHER INFORMATION

In France the standard voltage is 230 V and the frequency is 50 Hz. You can use your electric appliances in France, if the standard voltage in your country is in between 220 - 240 V (as is in the UK, Europe, Australia and most of Asia and Africa). In France the power plugs and sockets are of type E.

The official language in Paris and the rest of France is French. Tourists won't have any problems communicating in this language in most hotels, restaurants and shops. France is a member of the European Union and one of 23 countries in the region that uses the euro (abbreviated €) as its national currency.

Time Zone in Paris is Central European Summer Time (CEST)

Emergency numbers SAMU (Ambulance): 15 || Police: 17 || Fire: 18

General Emergency: 112 (EU-wide emergency number that will contact emergency services in any EU country or language; have this number on hand while traveling around Europe!).

If you need more information, please contact Mario Peiró (mpespi@wmo.int) in the IG³IS Office. Also, please visit the webpage (<https://ig3is.wmo.int/en/events/ig3is-transcom-workshop-and-ig3is-science-team-meeting>) for the latest news and updates.

Your participation and support is highly appreciated.

We look forward to seeing you in Paris soon.
